My dear Mr. Pryer:-

When at the rooms yesterday I received your postal and am very sorry to learn the cause of your absence from the Executive Committee meeting last Tuesday.

I enclose check for \$5<sup>00</sup> for Mr. Huntington's subscription to the Mrs. Froh life membership, there are several others who have not paid up and I will tackle them the first opportunity.

I enclose a couple of bills approved last Tuesday also the notices of the annual meeting and a few extra cards that you may want to use.

Very sincerely yours

Dear Mr B. Sat

Mr Pryer wrote me the other day saying he would be on hand Sat. to have his report audited and I supposed had notified you but it seems he had intended me to do so although he had forgot to mention it in his letter - Which you will have to excuse - I spent about three hours going over and balancing his accounts - so will show the ~~to~~ <sup>my</sup> figures Monday and if you have sufficient confidence in my examination I trust you will sign before the meeting so the matter will be disposed of -

Yours very sincerely -

H. R. Drown -

I explain now - so if satisfactory, you can just sign the papers when I hand them to you then.

*On Monday Evening, January 16th, 1905*

AT HALF-PAST EIGHT O'CLOCK

---

*The Reports of Officers and Committees will be presented,  
and the Election of Officers will be held.*

---

THE recent resignation of the President of the Society, and the death of our esteemed Curator, Mr. Edward Groh, as well as the fact that the Corresponding Secretary and Librarian (both of whom expect to be abroad for a large part of the coming year) have requested that their names be not presented for re-election, necessitate important changes in the board of officers of the Society, and, believing that it is of the utmost importance that the best men for their respective positions be secured, the Executive Committee has appointed a committee of five members who are well qualified to judge of the Society's needs to meet and recommend candidates for the various offices.

The members of the Society are earnestly requested to attend this meeting and express their preferences, by their votes, on this most important question.

EXTRACT FROM THE MINUTES OF THE ANNUAL MEETING OF THIS  
SOCIETY, JANUARY 16th, 1905.

RESOLVED: That the President be authorized to appoint  
each year the following standing committees:-

- A Committee on American Coins,
- A Committee on American Medals,
- A Committee on Foreign Coins and Medals,
- A Committee on Ancient Coins,
- A Committee on Archaeology.

It shall be the duties of these committees, in their  
respective departments, to, by obtaining donations and in other ways,  
increase the collections and library of this Society, and to  
collect information, especially such as is unpublished, for the  
Society's records.

Executive Committee

Henry R. Drowne, Esq.,  
Recording Secretary,  
Am. Num. & Arch. Society,  
1271 Broadway, N.Y.

Dear Sir,

I beg to report that the " Class  
in Coin & Medal Designing & Die Cutt-  
ing " was duly reopened, at the  
Academy of Design, at the beginning of  
the Academic season of 1904;-with Mr.  
Chas. J. Pike in charge, as Instructor,  
with a most promising outlook;-as  
Mr. Pike reported to me that " nine "  
pupils were in attendance;-and that  
some of them gave good promise.

The outlook, from all that I  
could gather, seemed very favorable;-

*Refer to Executive Committee -*

but, in view of recent events, it is, of course, impossible to say whether, or not, the necessary money, to meet the expense of the Class, and Mr. Pike's salary, will be forthcoming.

As the Class was started with a direct promise of the "Woodbury G. Langdon Prize," I will, ( in case the Class is continued,) make good that pledge, for this year;-but it must be distinctly understood that any and all pledges, made by me, end with the next payment.

I remain,

Yours very truly,

*Woodbury G. Langdon*  
*Chas. J. Brown*

Dear Sir

With great pleasure I accept the honor of being a member of your Society, and I think I would like to become a life member.

Saturday afternoon I am coming down to New York to stay over Sunday.

If it were in anyway possible for me to meet you, I would like to do so very much, so that I could find out a little more about the membership and things in general. Provided you can spare the time, would you please send me a note to my New York address 247 5<sup>th</sup> Ave. and I will come

around and call on you.

Should this Saturday happen to be 'inconvenient', any other Saturday would do as I come down to New York once a week.

Thanking the Society many times for the honor they have done me

remain

Very respectfully

MEMORANDUM

*From T. R. Marvin & Son Printers Boston*

---

*Jan 24*

Mr. Mr. Poillon,

Dear Sir,-

I enclose a letter from M. J.N. Svoronos, Director of the Museum, Athens, Greece, asking for back numbers of the Journal. The letter was mislaid for a time, and when it turned up again the back numbers were cased up. I send it to you thinking the Society might want to send them to him. He is on the free exchange list of the Journal

Yours truly,

*Geo. R. Marvin.*

New Rochelle June 25<sup>th</sup> 1905

My Dear Mr. Relden,

I reply immediately  
to your note of the 22<sup>nd</sup> of the  
month first about Mr. Baker.  
Mr. Geo. W. Baker is Wall Street,  
qualified promptly after election  
(Mar. 30<sup>th</sup> 1903) and also paid  
his dues for 1904 and so far  
as I know has not resigned.  
So he is a member of good  
and regular standing and  
should be entered on rolls of the  
Soc. I think it would be an  
excellent plan for us to "compare  
notes" and would therefore suggest  
that you meet me at the Club

Club, West Broadway & Beach  
Street on Thursday Feb. 2<sup>nd</sup> 1905  
if that is agreeable to you.  
I did expect to attend the  
Executive Com meeting tomorrow  
evening, but sorry for I will  
be blocked by this severe snow  
storm. So now about the station.  
I have plenty of Life Membership  
bills and also a number of  
those for twenty dollars (Dues  
and Initiation) but not a  
single one of the Annual Dues  
bills for ten dollars. All the  
bills have give the old  
address. Enclose samples.

Very Truly Yours  
Wm. P. Fayer.

My Dear Mr. De Colme!

I have learned  
with much pleasure  
the receipt of this  
kind recollection, and  
try to compensate to  
you and the society.

Would it were possible  
to place among them

my proposal as  
mentioned in the society  
of Mr. James Loe  
37. 38<sup>th</sup> 1 h.

Mr. Loe, Mr. Loe,  
and Mr. Loe, are  
his brothers in law,  
so he could be seen  
and by any one  
in the society. He  
is much interested  
in education, and

My dear Mr. Cuyler:-

Your of 25<sup>th</sup> at hand. Mr. Browne and I  
were the only ones on hand last Thursday so we  
could not have the Ex. Com. meeting. I will call  
an other richer week Thursday or the following Friday.

As to the bills, would it not be well when getting  
them to also get some of those for initiation for new  
dues? As they only go to new members I think they  
should have the correct address and the correct  
month - January instead of March - if you  
agree with me regarding this please send me  
a sample. Have you sent out all your bills or  
are you holding some up until you get the new  
supply?

I will be glad to meet you at the Nat. Club on the  
Thursday - Feb 2<sup>nd</sup> - you do not mention the time,  
how would 12 o'clock suit you? I am usually here,  
the office at that time most conveniently. If you would  
rather meet me later or earlier let me know any  
I will do the best I can. Shall I meet you up  
stairs or at the foot of the elevator? Should you  
stop at the rooms on your way down town and see  
any mail for me Put it in your pocket please.

I hope you are doing out in this time, I had  
lots of fun but managed to get to my office  
each day, though I think from Wednesday  
morning until yesterday afternoon - all the  
business I transacted took about fifteen minutes  
time. I suppose I will make up for it later.

Very sincerely yours

Samuel L. Smith

New Rochelle June 28<sup>th</sup> 1905

My Dear Mr. Belden,

I enclose two  
resignations, which speak for  
themselves, Mr. Geo. Zabruskie  
has paid to Jan. 1905 so we  
are at least ahead ~~ten~~ dollars.  
Mr. Starr has paid only to  
Jan 15<sup>th</sup> 1905 so I presume  
we can hold him for ten  
dollars, but in the present  
condition of things I do not  
think it would be wise to do  
so as it would only create  
a controversy and we have  
had enough of that sort of thing.  
Very sorry there was not a question

at the last Executive Com  
meeting and also that I could  
not be present, but the night  
trains were not running and  
I could not have got home.  
Better luck next time.

Hoping to see you next  
Thursday

I am Sincerely  
Yours

My Dear Mr. Belden,

Your note with  
enclosures duly received and  
in reply would say I agree  
with you entirely about the  
bills if you think the Soc. can  
afford to pay for them at the  
present moment; I enclose  
a sample as requested also one  
of the Life Membership forms.  
I have sent out all the bills  
and have already received  
one hundred dollars worth of  
checks which pays the bill  
at all counts. I hope that all the

rooms tomorrow again and  
hope to find some more there  
for me. I would also suggest  
in regard to the bill heads that  
you only get a comparatively  
small number for Initiation  
fees and Life Membership as  
there are not very many around  
regret to say. Now about our  
meeting on Thursday I will try  
to be with you as near twelve  
as possible and we can have  
lunch together; go right up  
to the Club and make yourself  
comfortable until I arrive  
should I not be there.

Very truly Yours

My dear Mr Belden

Thanks for your favors of the 27 & 28 - very glad that we are doing so well as to members - let us be sure to send names to <sup>evening</sup> papers when elected so people will know we are alive and doing something.

Would suggest special meeting for Apr 17<sup>th</sup> and have paper of Mr Hidden also - if we can arrange it rather than 24<sup>th</sup>, but if not time, have it 24<sup>th</sup>.

As regards Mr Tonnell - your letter is all right and I see no objection to it. On the other hand I don't care if you send it or not for I do not take much stock in Mr T. after the way he acted.

His interest in the Society could not have been very great - for he neglected his duties, made no reports and evidently let his spite dominate everything else showing that he was very narrow minded. If the Dadds think well of this I should think it would be all right to try and get him back.

I have got quite a list of names of collectors.

and will send out some 50 notices this week  
with a personal letter in each. It is very  
encouraging that Mr Low has done so well  
and I hope mine will also bear fruit.

The 10<sup>th</sup> Apl. will be all right for Executive  
Committee meeting. I will expect to be at  
the Rooms every Thursday evening after this  
week. If you will loan your Dup. Key to  
new cabinet so I can show some of the decora-  
tions on Thursday Apl 6<sup>th</sup> and cannot the  
Fouquierias be moved into new cabinet with  
the directory telling what they are even if  
not mounted yet. I knew most of them once  
but I don't recollect now. The whole col-  
lection ought to make a handsome show.

With kind regards, remain

Yours sincerely

[illegible]

My dear Mr. Fryer:-

I have your letter, of 5<sup>th</sup> inst., and note what you say regarding the contributions to Mrs. Froh's life membership. My idea of that is simply this— Mrs. Froh is elected a life member and her life membership fee of \$100. is to be paid— it makes no difference to you, as Treasurer of the Society, who pays it, according to your books \$100 is due, I sent you \$15. a payment on <sup>acc</sup> of that amount. The fact that it is made up of three subscriptions does not concern you at all, officially, I simply sent you the receipt as a matter of interest, personally, when you receive a life membership fee, you deposit it and on your books it is credited to the life membership fund and does not go into the general account at all; now it seems to me that there is no reason why a life membership fee should not be paid in several installments as long as the Treasurer is willing to accept it in that way the amounts as received being deposited as a part of the life membership fund and simply credited on your books as a part payment of the \$100 due.

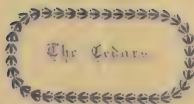

I suppose you have received notice of an Executive Committee meeting for Monday evening - April 10 - If you get over we can talk over this at that time it seems to me it is better to have this money, as it is paid in, deposited to the Society's credit you have - since the annual meeting - received from life membership fees of the members to be elected at the next meeting two have expressed the intention of becoming life members and there may be several more so you may very soon be ready to buy an other bond and the portion of this amount that you have in hand at the time may come in very handy in making up the amount.

Hoping to see you on Monday and with kind regards  
I am Very sincerely yours Samma L. Hall

My dear Mr Belden

Yours recd in second mail this morning - as being addressed 61 Leonard went to station V. and was thence transferred to P.O. to Box 1662. Box is quickest. Yes I would carry out Mr Higgins suggestion as you propose - anything that will stir things up and awake interest will do good. As regards outsiders it will be best to give members opportunity to bring friends - the more the better and we may get information and possibly members if any turn up who are interested.

As regards Low motion - I gave you a motion - how would it do to propose mine as an amendment - then a discussion would follow, and probably the whole matter would be killed - or is it too late to amend? I thought the new resolution might do no harm - and although little good, would make people stop and think. Sorry to miss you I went down town to see about making arrangements to be away next week.

Yes - I will want names of all members since you became Secretary. Glad you have another application. Will copy names you sent and return your list later.

Found some war medals in cabinet and put in case for you - some foreign &c. I should advise having draws made to fill balance of new cabinet clear to bottom - so could use all space.

I remain your faithfully

Sir:

*The Executive Committee of The American Numismatic and Archæological Society has instructed me to ask if it will be agreeable to you to become a member of this Society.*

*It will afford the Executive Committee pleasure to be authorized to present your name for election at the next meeting of the Society.*

Very respectfully,

*Daniel Parish Jr Vice President*

To Mr George W Deets

Englewood N.J.

The objects of The American Numismatic and Archæological Society are: First—The collection and preservation of coins and medals, as well as books and pamphlets relating to the science of Numismatics and Archæology. Second—The commemoration of important events by the striking of medals. Third—The dissemination of information upon Numismatics and Archæology by lectures and the reading of papers before the Society, together with publication thereof in the Annual Proceedings.

The Society was founded in 1858, and incorporated in 1865. Its Library of over 5,000 books and pamphlets is the largest collection of Numismatic literature in this country, and its cabinets of coins and medals are very extensive—including some 20,000 pieces, many of extreme rarity.

Among the most notable medals recently struck, under the auspices of this Society, are the Columbus medal, celebrating the 400th Anniversary of the discovery of America; the Muhlenberg medal, issued in commemoration of the opening of the new St. Luke's Hospital; the Grant medal, struck in honor of the dedication of the mausoleum on Riverside Drive; the medal authorized in connection with the 25th National Conference of Charities and Correction, held in New York; the Greater New York Medal, 1898; the Prince Henry of Prussia Medal, 1902, and the Americus Vesputius Medal, 1903, which is the first of a series of American Historical medals. The second is now in preparation, and others will follow.

A member is entitled to the use of the Library and Cabinets, to admission to all lectures, and to a copy of all current publications.

The Society possesses an ample income for its present needs, but it is desired to add to its membership from those interested in Art, Numismatics and Archæology, in order to strengthen and extend its influence and usefulness.

Initiation Fee.....Ten Dollars.

# GEORGE CROCKER'S BIT OF TAPESTRY.

---

Declares a Little Piece Worth  
\$8,000 to the Customs  
Authorities.

---

The Custom-House men asked George Crocker, the California and New York millionaire, if he had anything dutiable when he arrived yesterday morning on the Cedric.

"Only a bit of tapestry in this roll," he replied. When they suggested taking a peep at his shawl strap he said they would better have a good, long look, and unrolled the wrap.

A piece of Louis XIV. tapestry, 12x23 feet, was disclosed. He caught the chance to acquire it quite by accident and quickly snapped up the bargain.

It cost him about \$8,000. The duty is 44 cents a pound on the wool in the work of art, and an additional duty of 55 per cent. on the value of the tapestry, so that Mr. Crocker had to give up in duties more than half of what he paid for his treasure.

The decoration is for Mr. Crocker's show mansion in this city, for which he is collecting many curios and works of art.

The Custom-House officials also held a reunion at the Cedric with Mrs. C. P. Huntington, who went to the ship to meet her son, A. M. Huntington, and his wife.

The Custom-House people call Mrs. Huntington the "most honest woman in New York," because when she arrived with \$2,500 in dutiable goods she said so without any attempt to prevaricate or conceal, paying the duty as cheerfully as she had made her declaration.

the treasure.  
HIS ART TREASURE —  
IN A SHAWL STRAP

George Crocker Brings Ashore a Valuable Tapestry, on Which He Pays \$3,000 Duty.

When George Crocker, a banker and railroad man, who returned from Europe yesterday on the White Star line steamer Cedric, was asked by the inspectors if he had brought back anything dutiable, he smiled and said:—

"Only this trifle," pointing to a parcel in a shawl strap that he was carrying.

The inspectors unrolled a piece of tapestry 12 by 28 feet.

Mr. Crocker explained that it was considered a masterpiece by art dealers abroad. He had found it accidentally and it cost him \$8,000. The duty was assessed at nearly \$3,000 and Mr. Crocker cheerfully paid it.

Another passenger on the Cedric was Mr. A. M. Huntington, who was accompanied by his wife. His mother, Mrs. Collis P. Huntington, met him at the pier. Another passenger was Lady Kirkpatrick, of Canada.

My dear Sir:

I have but recently returned to Salem and have just looked up the title of the book on Annamese coins and find it to be:- "Publications d'lecole Francaise d'extreme-orient -- Numismatique Annamite -- par Désiré Lacroix: Capitaine d'artillerie -- Saigon Imprimerie Ménard & Legros, 1900" 1 vol. text 230 p. and, XXI additional 11 X 8 in. 1 vol. plates ( XI ), 14 X 11 in. The plates are photographic reproductions and cover all money from the ancient Chinese to modern French Annamese. But one plate is devoted to the ancient Chinese, apparantly to show what was the currency of the ancient empire.

I enjoyed my visit to your rooms in N.Y. and think my trip to Washington and Philadelphia very profitable to me as increasing my knowledge of the collections of Chinese coins in the great centres.

Thanking you and all of the gentlemen of the Society for the very kind attention I received I remain

Very Truly Yours

My dear Sir:

I have received your two letters, the last of May 19th, in regard to calling a meeting of the Executive Committee. Since the receipt of your letters, I have seen Mr. Fryer, and he quite agrees with you as to the advisability of calling a meeting at the present time. If, as you say, Monday evening is the usual date, I would suggest that you call the meeting of the Executive Committee on Monday next, the 29th inst.

With pleasant anticipation of becoming acquainted with the Board of the Society at that time,

We were very sorry not to see you on Monday evening and were especially sorry to hear that you were under the weather. I hope you are feeling all right by this time.

We had a delightful evening, Mr. Huntington was on hand and seemed much pleased with things. He did not leave until 11<sup>00</sup> o'clock, he expressed some views and opinions which pleased me very much. I think that the fact that he has been abroad so much and is familiar with the way foreign societies are conducted and what they accomplish will be a very great advantage in meeting the problems that come before us.

I have compared your mem. of the newly elected members who have not qualified and find that ~~they~~ it agrees exactly with my book list. I have also noted the noted the change of address otherwise I have heard nothing new about the Soc.

Have you written to Mr. Sus? The check has not yet been returned to me so it has not been returned to Mr. Langdon.

You were speaking about the

the present year. I find we  
have had nine since Jan

My dear Mr. Pryer:

I had to cut short my letter to you yesterday, so as to catch my train home, so this can be regarded as a second volume.

You ask if I want you to give any message to Mr. Huntington when you see him on Sunday; I wrote to him a few days ago, regarding a few committee appointments and hope to get his decision shortly, you might mention the matter if you have a good opportunity, he may think that these appointments have to be approved by the Executive Committee, that is not so as they rest entirely with the President and he has the right to make any appointments that he may see fit. I suggested names to fill three or four vacancies, at his request, this, of course, was only a suggestion if he prefers to make different appointments I hope he will do so.

I hope we will be able to make some move in the direction of a building for the Society. I think this should be done before moving up to Columbia University — provided we decide to go up there — and then the Society's intention to eventually have its own building will be definitely established and every one will know that our occupancy of quarters at the University is only temporary. I think a resolution should be passed providing for the appointment of a Building Committee and that Committee should ask for subscriptions to a building fund, that subscriptions to this fund of any amounts should be received at any time and the money deposited where it would draw interest or invested in such a way that it could be turned into cash at any time, the interest to be added to the fund. The fund

could then grow - fast or slow as the case might be - and when it should be sufficiently large, the Committee could go ahead with the building in such a way as would be decided when the time came. The Committee would not have to be hurried, it could go ahead and accumulate the fund and take all necessary time to consider ways and means. No one is likely to offer the Society money for this purpose, unless it is known that the Society wants it, but with a fund actually started the increase will come. When the movement to obtain a building for the Society was started - I think about fifteen years ago - the mistake was made of only asking for subscriptions to be paid when the full amount should be pledged. The matter was placed before the members and as the subscriptions received were not sufficient, the matter was dropped. Can any one doubt that, if the amount then subscribed had actually been paid in and a building fund established, that fund would not have been added to from time to time and we would have been in our own quarters before this, these things are not done in a minute, in my opinion we are now in a better condition than even to start such a movement. Suppose we had such men on the committee as Mr. Huntington, Mr. Pryor, Mr. Parish, Mr. Lawrence, Mr. Adams, Mr. Dodd and a number of others that might be named, can there be any doubt but what it would show results?

I talked a little with Mr. Huntington about this and he seemed to be of my way thinking regarding it. I think if he would back up the scheme it would go through, and I feel sure if we once establish a building fund and get a respectable start with it, it will grow until it is sufficiently large to give us what we need.

Have you a catalogue of Geoffrey Charlton Adams' next sale - July 14<sup>th</sup> -? it is a great collection of silver dollars of all countries. I am sorry that the Dis. Cutting School fund is not in the Curators' hands as it would be a fine opportunity to get some good things for the Society. There is, for example - a complete set of Russian roubles. Thirty two of them, the Society has but two, and

many other valuable things, I notice a little fun money which would possibly interest you.

There is one thing you might suggest to Mr. Huntington and that is that if at any time he wants to call a meeting of the Executive Committee and it is more convenient for him to have it at his office early in the afternoon, there is no reason why he should not do so. I hope to get the insignia of the Third Army Corps Union, which costs \$15. I am not sure yet whether one can be supplied but will know shortly, if we get this it will leave \$4. of your \$35. and then I will have to make some inquiries as to how we can best use that.

I expect to go on my vacation on Saturday, I am going to the mountains in Pennsylvania for a week and will probably spend an other week at home - unless I should decide to take my wife and little girl for some short trip.

Dear Sir: --

Replying to your favor of the 15th inst., I beg to quote to you a letter written your society on March 29th, 1904, as follows:

"I tender herewith my resignation as a member of the American Numismatic and Archaeological Society, which you will kindly have duly recorded.

I also enclose herewith my check for \$20. to cover the dues which seem to be in arrears in accordance with your letter of March 28th."

Wont you kindly investigate this matter, as I feel I am not in the least indebted to you, having resigned from the Society on the date above mentioned.

Very truly yours,

*James Harold Warner*

My Dear Mr. Alden

Many thanks  
for your kind letter  
and the proceedings  
which reached me  
yesterday. It is  
charming to hear  
of the Society's prog-  
ress, and feel sure  
of its constant  
growth now.

Am studying the  
revers of the Jones

shortly that circular  
for subscription to  
same will be out.

No doubt Mr. Potter  
is in New York by  
this time and  
brought with him  
some addition for  
the society's cabinet.

Very sincerely yours

My dear Mr. Belden:

As I have got no answer to the letter  
I sent you Tuesday I suppose you are out of  
town and did not receive it. I want very  
much to see you, so let me know when you  
get home.

I went to the rooms Thursday evening, but  
there was none there, and I could not find  
before long the members will be back and  
things will be started for the winter.

Today I got a letter from Emma and she  
was sending a little line saying how things  
are winter work in the New York.

Yours most truly

Dear Mr. Belden,

Upon my return from a trip to the mountains I found on my writing table your note and enclose check for fifteen dollars. Now about the letter from Mr. Warner which I send you. The resignation of Mr. Warner was never sent to me, so I sent him the usual bill for dues last Jan. and again, about the first of last month, and a few days ago received the letter which speaks for itself. I presume the only thing to do is to accept it as of Mar. 29<sup>th</sup> 1904 as he says

The Cedars

then all paid up to Jan. 95.  
I regret exceedingly that this  
error has occurred, but I do  
not see how either you or I  
are to blame for it. I think  
am home now for the rest  
of the season.

Very sincerely

Dear Sir,--

Replying to your favor of the 19th inst. with relation to my resignation as a member of the American Numismatic & Archaeological Society, I beg to say that I have considered the matter and have decided not to withdraw my resignation. One of the reasons is that I was gradually getting into so many different societies, that I cannot give many of them any attention. Consequently, I am a useless member, and therefore I am withdrawing.

Very truly yours,

My dear Mr. Belden:

I have received to-day the following letter from Mr.  
Barr Ferree, of the Pennsylvania Society, which explains itself:

"New York Sept. 20 1905.

"Archer M. Huntington Esqr.,  
Baychester N.Y.

"Dear Sir:

The Pennsylvania Society has brought forward a proposal  
"for a joint commemoration of the 200th anniversary of the birth of  
"Benjamin Franklin, which will fall on January 17th next, by a number  
"of Societies and Organizations particularly interested in Franklin  
"or representative of his various activities. The general programme  
"as thus far outlined has been a public meeting at the Carnegie Music  
"Hall, under the auspices of the joint Organizations, and exhibitions  
"of Franklin's portraits, books, papers and other matters, by such  
"Institutions as may have the material available for such purpose or  
"may be in a position to obtain the same..

"This matter has already been discussed at a conference of  
"representatives of a number of learned and scientific organizations  
"held for this purpose and a great deal of interest manifested therein.  
"It gives me pleasure, on behalf of the Pennsylvania Society and  
"representing also the joint conference, to invite the American Numis-  
"matic and Antiquarian Society to co-operate in this proposed Franklin  
"celebration. We would be glad to know if this project meets with your  
"favor and what part your Society might be disposed to take in this  
"commemoration.

Yours very truly,

"(Signed) Barr Ferree, Secretary

Perhaps you and the other Officers of the Society might suggest what  
it would be well for us to do in this matter. It seems to me that there  
should be some representation. Owing to the uncertainty of my plans at  
this moment, it seems to me that it would be well for a meeting of the  
Society to be called some time soon if this meets with your approval  
and that of the other Officers.

Personally I would like very much to have the Columbia matter  
brought up and discussed at the earliest possible moment, so that no  
time may be wasted, and I think all the other Members will agree it is

something which should be decided.. The matter is entirely before the Officers and I do not know that there is any objection to its immediate discussion.

I am, believe me,

Very sincerely yours

On the 29<sup>th</sup> of last September this Society suffered a severe loss in the death of Mr. Herbert Valentine who was its Librarian from March 16 1896 to January 16<sup>th</sup> 1905, at which time he gave up the office as he intended to spend ~~some~~ <sup>several</sup> months abroad and he did not ~~wish~~ <sup>wish</sup> to hold a position to which he could not give his personal attention. He also served as Curator of Archaeology from November 1894 until that office was abolished by amendment to the Constitution on November 19 1894.

During his membership in the Society, of over twenty years, his active interest in its welfare never abated; by his courtesy and unfailing good nature he endeavored himself to all the members with whom he came in contact; the Library owes much to the painstaking care that he bestowed upon it during his term of office of ~~over~~ nearly nine years and his successor has been greatly helped by the advice and assistance that he has freely given.

Resolved, that in the death of Mr. Herbert Valentine, This Society has lost a valued member and its members a dear friend.

Resolved, that these resolutions be spread upon the minutes of the Society, and published in its next Annual Proceedings and that a copy be forwarded to his brother.

My Dear Mr. Kelden,

First I desire to  
enclose the final report of the

hope will be satisfactory to you.  
I think it is absolutely correct.

I will be with you on Monday  
at Mr. Dadds office, but as I have

is one of my days at the Press,  
at I rather doubt if I will be able  
to meet the Committee to visit

My dear Mr. Belden:

I returned to New York last week but had not then received a letter from you. It seems it had been sent as usual to "Arbutus" and reached me here on the day of the meeting, which was, I regret to say, too late for me to be present. Herewith I send you a copy of my former letter and am glad you have taken action in the matter of the Pennsylvania Society. I am also very much pleased to hear that the Executive Committee will go to Columbia next week to look at the room for the Society.

Very sincerely yours,

16th October 1905

My dear Mr. Belden:

Your letter of October 13th is at hand together with copy of Dr. Canfield's letter in regard to a room at the University. As you know, I have not expressed a very definite opinion in regard to this matter, as it seemed to me it was more my duty to first learn the will of the Society, but I shall never, I feel certain, see the matter in any other light than that it is to the best interest of a scientific body to have its own building. Our Society has grown at the present time to a greater importance than I think even some of the members are aware, and should be in this country at the head of all questions of numismatics. It has reached one of those moments in its history which come to all Societies, when its members must be called upon to make an enthusiastic effort toward placing it in a strong position.

It is to be presumed that the members of an organization of this kind have, during the past years, been working toward an ultimate position of strength for the Society, or else they would not have remained members. The time has now come when its growth has ensured its future and it must either take a prominent position or there is danger of retrogression.

The accumulation of the valuable material which is now in its hands has rendered its collections a temptation to robbery, and the possibilities of fire and other dangers would alone suggest the immediate necessity of a proper and safe place of residence. A body of this kind is in no small degree an educational factor and as such it can only be effective in the possession of a permanent place for the exposition of its collections.

I feel certain that if an energetic call is now made upon the members, the response will be more than gratifying, and one more scientific body of active importance will be added to the list of those which are doing good work in our city. The admirable care and self-sacrifice with which the officers and members have devoted themselves to building up the organization in the past is indeed a credit, and should be a matter of pride for themselves and all who are to come into the Society in the future.

I am, believe me,

Very sincerely yours,

My dear Mr. Felden:

Your letter of November 2nd is at hand. For next week I shall be glad to be at your convenience for the meeting of the Executive Committee any day except Tuesday, for which, unfortunately, I have an appointment.

I should have answered  
your letter long ago, and actually  
wrote you well knowing Tuesday  
for our chat, but before sending  
the letter I remembered that  
Tuesday was election day and  
that as it will be a holiday, I

I would suggest Thursday

I saw Mr. Keeney a few days  
ago and he is very anxious  
for us to have a little reception  
for the members of the  
Society at the new building

I think it would be a very good  
idea, and the notice could go out  
with regular one, simply stating  
that as many members as possible  
are requested to be present to meet  
the President. He might have some  
very inexpensive refreshments  
served, to make the event a little  
more social, which Mr. Kury  
and a few of us ~~would~~ would  
be willing to subscribe for, as it would  
cost very little. At all events let's  
decide the matter when we  
meet. I had a long talk with  
Dr. Sanfield last night and he  
explained the Columbus delay  
and said that he would make  
a proposition about Dec. 1<sup>st</sup>.  
I only replied that I did not  
know how the Columbus matter  
pained, but that we must

Evening -

Yours of 8th duly received.

I think Mr. Payers suggestion a good one  
that members be requested to appear  
at the next meeting so as to make  
the acquaintance of the new president  
but I would not let Mr. Huntington know  
anything about this.

I fear Mr. Higgins has a good deal  
of wind in his composition - he is a  
good talker, all right.

Why disturb the old Corresponding  
Members - we will not help the Society  
and may only stir up some feeling  
by dropping them. I think it better  
to let this subject and the building  
project (which we failed on before) rest  
in peace for awhile, so as not to  
interfere with more important things  
we have in hand to consider.

We can never handle the building  
project unless somebody heads it  
with 25000.<sup>00</sup> or 50000.<sup>00</sup> for a starter

and no one would do this just at present. We want to devote our attention to putting ~~the~~ <sup>some</sup> life into the Society and not by scaring them away with subscription lists.

I should not do anything in regard to Constitutions being printed until after the Columbia project is decided so if we move the new address can appear on them and be sent to each member. Yours sincerely

I feel that it would not be

My Dear Mr. Belden,

I have just  
received your letter and in reply  
first would say that it will  
be entirely impossible for me  
to meet you before the meeting  
on Monday evening as I have  
to attend a Bank Directors meeting  
in Washington at five fifteen  
after which I have a dinner  
in New York with Mr. Groome  
and will barely be able to get  
to the meeting in time. How far  
your ideas of the scope of the  
doc. which I believe you have  
offer come from the ...

of witness of his large heart  
and should be treated with  
the utmost thanks and  
courteous gratitude. I think  
its acceptance would bring  
the <sup>the</sup> ~~respective~~ <sup>the</sup> ~~us~~ <sup>the</sup> ~~we~~ <sup>the</sup> ~~and~~ <sup>the</sup> ~~if~~  
brought there we would go to  
look for another blade, and  
while my great regard and  
affection for our president  
would prevent my opposing  
the proposition as earnestly  
as I otherwise would, there  
are a number of our most  
influential members and  
earnest workers that will  
to be. I think I am not particularly  
set upon going to Columbia

Indecisive, probably we are

Personally if we should go  
to Mr. Huntington's building  
I would be compelled to take  
all active interest in the Soc.  
and would of course give  
my office might hold as  
living where I do it would  
be impossible for me to  
attend any meetings or  
get my communications as  
usual. However I, of course,  
this do not wish you to  
consider me personally for  
one moment in the matter  
or the good of the Soc. and  
will do my best to

stake. Now, it should be advised  
you to let the Soc. building  
plan be quiet for some time  
to come, for at present if  
such a structure should be  
presented to us fully furnished  
and equipped we would be  
deficient in funds to run  
it. As you express your  
opinions with some asperity  
I have taken the liberty of  
doing the same.

Gentlemen:-

Your Committee on American Medals  
respectfully report, as follows:-

A circular, devised by Mr. Bauman L.  
Beldan, has been printed and placed in the hands  
of the Committee, for distribution. Copies  
have been mailed to fourteen manufacturers of  
medals and badges in New York City, one in Columbus,  
Ohio, and one in Chicago, Illinois, and to one designer  
of medals, Mr. Augustus W. Gaudens.

The Committee recommend that copies of  
the circular be sent to each of the Numismatic  
Societies in the United States and Canada and to  
each member of our own Society.

Mr. Charles G. Brapmar, 10 Maiden  
Lane, New York City, one of the leading manufacturers  
of medals and badges, has donated two bronze masonic  
medals, struck to commemorate the centennial of the  
organization of the Grand <sup>Logapters</sup> Lodges of New York and Conn.,  
and has promised further donations, from time to time, of  
medals struck to commemorate historic occasions.

Respectfully submitted Wm. P. Weeks, Chairman.

# Report of Executive Committee

Since the last meeting of the Society the Executive Committee has held six meetings.

The election of the following active members is recommended:

George W. Pelts, Englewood N.J.	proposed by	Daniel Parish Jr.			
Albert Grace, Stamford Conn.	"	"	"	"	"
Charles J. Horbeck, N.Y. City	"	"	"	"	"
Wm. Watts Sherman, Newport R.I.	"	"	"	"	"
Harner Van Norden, N.Y. City	"	"	"	"	"
John A. Ruthersford, "	"	"	"	William Boillon,	
D. Harold Hall, Lowville N.Y.	"	"	"	Lyman H. Lorr,	
A. R. Frey, Brooklyn N.Y.	"	"	"	Berns Lowry	

The resignation of active member James Harold Warner has been received and accepted.

Your Committee regrets to announce the following deaths:-  
Former members John Murray Mitchell, John W. Castree, Herman C. Carter and Herbert Valentine and Corresponding member Gen. Charles W. Danting.

The question of continuing the School in coin and medal designing and die cutting having been referred, with power, to the Executive Committee, it would report that the School has been discontinued. The property of the Society that was at the Academy of Design for the use of the School has all been returned.

After paying all bills the amount of \$203.94 remained in the hands of the Treasurer, it was decided that, unless objection was made by the subscribers to this fund, it

should be devoted to The Society's Library and Collections. 3  
a notice was sent to each of the subscribers and as no objections  
were made by any of them this fund has been appropriated  
\$100. to be used for the purchase of books and \$100.00 for the  
purchase of coins medals &c. and the money is now held by  
the Treasurer subject to the call of the Librarian and Curator,

The Society has been invited to participate in a celebration of the  
Bi-Centennial of the birth of Benjamin Franklin, to be held in  
New York in January next, as but little information regarding  
this celebration has, so far, been received, your Committee is not  
prepared at the present time to make any recommendations on  
the subject.

A most advantageous offer of quarters for the Society, in the new  
five story building of the Hispanic Society of America, on 156<sup>th</sup> St  
West of Broadway, - within three minutes walk of the subway station -  
has been received, if this proposition is accepted, the Society will  
be absolutely independent, will have no rent to pay and so  
will be able to devote much more money to its collections, library  
and publications and, what is of great importance, its valuable collections  
will be thoroughly protected from fire and theft.

This matter is not brought up for action at this time but simply  
mentioned for the information of the members, a special  
meeting of the Society will be called in a short time to  
consider the question.

All of which is respectfully submitted. Bernard Bolles

The science of Numismatics treats of coins and medals of the present as well as of the past, and it is important that the facts relating to all medals be recorded at the time the medals are issued; if neglected they are likely to be forgotten, and thus much valuable numismatic history may be lost. The medals last for all time, every medal has a history, and this, too, should be preserved.

The American Numismatic and Archæological Society is keeping such a record of American Medals and earnestly desires to obtain information regarding any medal that may be issued in the United States, no matter how insignificant the medal or how meager the information.

The points to be covered in a full account of a medal are :

1. Description—explaining every part of the design, and giving the inscriptions in full and the exact size.
2. State if the medal is pierced for suspension or provided with any attachment for that purpose, and, if so, if any are issued unpierced or without the attachment, and the number so issued.
3. In what metals issued and number struck (or cast) in each.
4. By whom issued, when, and for what purpose.
5. Name of designer and of die cutter.
6. What disposition has been made of the dies.
7. Any facts of interest, historical or otherwise.

The Society is an incorporated body, its collections are permanent, every American coin and medal should be represented in its cabinet and, so, accessible to students of American numismatics and American history now and for all time.

With this end in view it would request the co-operation of all who take any interest in the preservation of historical records.

Mr. Andrew C. Zabriskie,  
Pres. American Numismatic & Archaeological Society,  
1271 Broadway, Manhattan, N. Y.

Dear Sir:-

A determined effort is being made to abolish the duty on works of art. The above League was organized for this purpose in New York on April 20th, 1905, and will introduce a bill at the next Congress. This duty is a tax on education and refinement; it is entirely out of harmony with the spirit of our democratic institutions and should be removed from the statute books at the earliest opportunity.

Perhaps the most insidious argument which we have to meet is that which admits the educational value of works of art, but limits the application of the principle to those destined for permanent public exhibition. To meet this argument we must show that most of the pictures owned at first by private individuals, who have paid the duty, are enjoyed by many besides the owners and eventually come into the possession of the public.

Will you kindly send us the facts in the history of your institution which support our answer to the above argument? We would like among other things:

1. The total number of pictures and sculptures now on exhibition, and their valuation as appraised by yourself.
2. The number and valuation of the pictures and sculptures owned by private individuals which have presumably paid the duty.
3. The number and valuation of the paintings and sculptures which have been presented or bequeathed to your institution.
4. The number and valuation of these which have presumably paid the duty.

May we also ask you to pass resolutions petitioning Congress for the abolition of the duty?

Anything else which you can do to bring this matter to the attention of your Senators and Congressmen will be appreciated. We enclose a few membership slips which you may be able to use.

Yours very truly,

Myron E. Pierce

I have yours of the 30th ult. and have placed your order with the manufacturer. I am unable to state the price, think I gave it to you sometime ago. I would not like to trouble the maker with request for estimate. I have trusted him and feel that I can now, to make the price right. I am guessing that it will require about two weeks to fill the order. I take this occasion to express my endorsement of the proposed migration of the Society, to the Hispanic Society Building, in West 156th Street. While the terms are very reasonable, the agreement should take the form of business, in a lease, and for as long a term as possible, I would say for not less than five years. If you will supply me with 250 more of the Circulars and blank application for membership, I will distribute them to the best advantage. There are many acquisitions to my list of patrons during the past year. I am unable now to state ~~when~~ if I shall be present at the meeting on Tuesday.

Dec. 14, 1905.

My dear  
Mr. Belden:-

The law (under which the Society was incorporated) of 1848, page 319, has been repealed and the Society is now governed by The Membership Corporations Law.

This law does not provide for a change of the name of a corporation, or the elimination of any of its objects; but the Legislature of the State may make such changes, though I do not advise it, neither do I deem it essential.

Section 14 (Membership Law) provides for a change of number of directors (or managers) "by vote of the majority of its members present at an annual meeting" (Section 31 limiting the number to thirty), a majority of the directors (or managers) to execute and file (with Secretary of State and County Clerk) a certificate of the facts.

If this change is desired by the Executive Committee, Article V, Section 2, of the constitution must be amended.

Section 8 (Membership Law) requires nine (not seven) members to make a quorum, so that Chapter V, Section 1, of the By-Laws must be amended by changing "seven" to "nine".

Yours very truly

Dear Sir: -

On examining the  
law which now governs our Society,  
I find it requires nine members to  
make a quorum at meetings.

Chapter V, Section 1, By Laws,  
therefore must be amended by  
changing "seven" to "nine".

My dear Mr. Fiddens,

Today is the last of the  
old year, and I wish you a "Happy New" one.  
I have been sick in bed for the last three days  
with an awful cold and the chest, and it does seem  
to get better.

I would like very much to find Mr. Powell, and  
would it not be a good idea for you to write him  
a line? All I could find out was the address,

George M. Powell,

Publisher,

1535 Sanson & sec.

Philad. Penna.

1105 Walnut N. H. J.

I have written twice to his Philad. address, and receiv-  
ed no answer. I have seen the "Proceedings," and  
got a copy of Mr. Spencer, and told him of it.

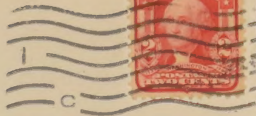

bought a copy for The King of Italy as usual.  
I like the way you have got up the "Proceedings."  
but I think it is a great mistake that no more Papers  
are read at the Society. I got a copy of "The British  
Anatomical Journal," Vol. I. 1904, the other day, and I  
suppose there is another copy at the Society.  
I think we ought to have a badge, ribbon, and button  
of the "Military Order of the barabao." If you can  
get one do so, let me know how much it costs, (if one has  
to be paid for) and I will give it to the Society.  
I have seen another lady who will try and get the  
badge of "The Order of The brown." Do you remember  
the name and address of the head of that great  
Order? If you have it please send it to me as soon  
as possible. When is the annual meeting of the Society?

Yours most truly

J. Sanford Jellies

P.S. I have heard a number of things during the last week,  
making me glad than ever, that we were not caught by Columbus.

people would make use of the  
rooms on Thursday evenings and some  
arrangement <sup>made</sup> that some one would  
be there to admit them - while  
I am frequently there I will not agree  
to be there regularly.

Yours very sincerely
